

PRESS RELEASE 15.02.22. Oslo/Roskilde.

## **DAO Aviation acquires Norrønafly Propellers and NDT further expanding its operation in Scandinavia.**

DAO Aviation in Denmark and Norway, is excited to announce the acquisition of Norrønafly Propellers and NDT. This strategic acquisition expands DAO Aviation's footprint in the Northern European aviation market, as adding this additional service enables DAO Aviation to provide a wider service solution to the Commercial, Military and General Aviation sector.

DAO Aviation CEO, Brian Maach Jensen states; "We are excited to merge Norrønafly Propellers and NDT with the DAO Aviation family. Norrønafly is a company with a rich history and very competent team. We look forward to increasing our ability to deliver comprehensive solutions of any scale and on time.

Capitalizing on the combined strength of DAO Aviation and Norrønafly, we look forward to being able to provide a now complete turnkey solution for our customers who have already come to rely on DAO to keep them flying".

Norrønafly Propeller and NDT, centrally located in Oslo, Norway, is a leading European maintenance center for propellers, NDT, composites, spare parts, and related services. Visit their website at [www.norrønafly.com](http://www.norrønafly.com)

*Mr. Esben Fiane, Managing Director, Norrønafly, and Mr. Thomas Bruun Pedersen, Production Director, DAO Aviation, at a recent site visit in Oslo, Norway*

Norrønafly will continue to provide top service with low turnaround times and customer tailored services which they are known for, now with enhanced capabilities from DAO Aviation.
